# **FOLIA MICROBIOLOGICA**

International Journal for Basic, Environmental and Applied Microbiology,  
and Immunology

The journal is published by the *Institute of Microbiology, Academy of Sciences of the Czech Republic* (Director of the Institute: Prof. BLANKA ŘÍHOVÁ, PhD., DSc.) and *Czechoslovak Society for Microbiology* (Chairman of the Society: Assoc.Prof. IVAN ČIŽNÁR, DSc.)

<i>Editor-in-Chief</i>	JIŘÍ MATĚJŮ, PhD.
<i>Executive Editor</i>	JOSEF CUDLÍN, PhD.
<i>Assistant Editors</i>	KAREL SIGLER, PhD., DSc. ČENĚK NOVOTNÝ, PhD.
<i>Technical Editor</i>	ALENA BÜNTEROVÁ

The international journal *Folia Microbiologica* is published by the *Institute of Microbiology* and the *Czechoslovak Society of Microbiology*. It covers virtually all branches of microbiology (general, soil, medical, industrial) plus some branches of immunology. The number of published manuscripts in 2005–2006 was 182. The journal experiences an ever-increasing influx of authors from all over the world. The 21-member Editorial Board includes scientists from the *Institute of Microbiology* and from other science establishments and universities in the Czech Republic, Slovakia, Germany, Switzerland and the USA. The journal has been placed on the data bases of major important publishing houses and societies, e.g., *AGRICOLA*, *Biological Abstracts*, *Chemical Abstracts*, *Current Contents*, *Excerpta Medica* (EMBASE), *MEDLINE*, *Research Alert*, *Veterinary Bulletin*, etc.
