

Lubomír Košťál

Address	Institute of Physiology CAS Department of Computational Neuroscience Videnska 1083 142 20 Prague 4 Czech Republic	Phone	+420 2 4106 2276
		Fax	+420 2 4106 2488
		Email	kostal@biomed.cas.cz
		WWW	http://www.biomed.cas.cz/~kostal
		ResearcherID	B-7468-2012
		ORCID	0000-0002-2708-6268

Affiliation and positions

2014 – Head of the [Department of Computational Neuroscience](#), Institute of Physiology
2013 Associated scientist at the Department of Computational Neuroscience, Institute of Physiology
2007–2012 Postdoc
2004–2007 PhD student
2004 Assistant at the Department of Neurophysiology of Memory and Computational Neuroscience, Institute of Physiology

Research interests

- Applications of information theory and estimation theory to computational neuroscience
- Metabolic cost of neuronal information and coding efficiency
- Measures of neuronal spiking variability
- Signal processing in moth olfactory system

Education

2007 PhD, Institute of Physiology and Charles University Prague (supervisor: Prof. Petr Lansky)
2003 MSc (physics), Faculty of Mathematics and Physics, Charles University Prague

Visiting and temporal positions

Long-term stay in the lab of Prof. Jean-Pierre Rospars, INRA, Versailles, France (intermittently 2005–2009), member of the team in the projects: Barrande and ECO-NET 12644PF

Publications in journals

(eds.), *AIP Conference Proceedings, Collective Dynamics: Topics on Competition and Cooperation in the Biosciences: A Selection of Papers in the Proceedings of the BIOCAMP2007 International Conference*. AIP, Melville, New York, pp. 147–161.

Invited talks

- 2016** Lecture at the Institute for Stochastics, Johannes Kepler University, Linz, Austria
2016 *Workshop on multitrack event-trains in neural, social, seismological, and financial data*, Karuzaiwa, Japan
2014 *Biological and Bio-Inspired Information Theory*, Banff International Research Station, Canada
2014 *Mathematical Modeling and Statistical Analysis in Neuroscience*, University of Copenhagen, Denmark
2014 Lecture at RIKEN, Tokyo, Japan
2014 Lecture at the National Institute of Informatics, Tokyo, Japan
2013 *Matematické modely a aplikace*, Podlesí, Czech Republic
2013 *CNS2013 Workshop on Methods of Information Theory in Computational Neuroscience*, Paris, France
2013 Workshop on the *Applications of Information Theory*, Ritsumeikan University, Japan
2013 Lecture at the Kyoto University, Japan
2009 *Workshop on Sensory Neuroinformatics*, Pilsen, Czech Republic

Grants

- 2017-2018** *Neural coding in the moth olfactory sensory system*, Project MOBILITY (The Czech Republic and France), principal investigator
2017-2019 *Neural coding precision and its adaptation to the stimulus statistics*, The Czech Science Foundation (GACR), principal investigator
2017-2018 *Perturbed stochastic point processes as a novel tool for neural coding analysis*, Project MOBILITY (The Czech Republic and Austria), member of the team
2015-2017 *Efficiency of information transfer and the role of energetic constraints in neuronal systems*, The Czech Science Foundation (GACR), principal investigator
2015-2016 *Statistical inference for perturbed stochastic processes with applications to neuroscience*, Project MOBILITY (The Czech Republic and Austria), member of the team
2012-2013 *Information beyond Shannon*, European Office of Aerospace Research and Development, support for the Information Beyond Shannon 2013 workshop, principal investigator
2012-2014 *Information-theoretic analysis of stimulus coding in sensory neurons*, The Czech Science Foundation (GACR), principal investigator
2011-2012 *Neural Coding*, Office of Naval Research Global, support for the Neural Coding 2012 workshop, principal investigator
2011-2013 *The role of noise in neuronal information processing*, The Czech Science Foundation (GACR), member of the team
2007-2009 *Signal processing in olfactory flux detector*, Grant Agency of the Academy of Sciences of the Czech Republic, principal investigator
2005 *Marie-Curie fellowship at INRA*, Versailles (France)
2004-2008 *Principles of information processing in neurons and their application*, Project Information Society, Academy of Sciences of the Czech Republic, member of the team

Awards

- 2012** *Otto Wichterle Award* from the Academy of Sciences of the Czech Republic

Professional service

■ Editorial duties

- *Neural Processing Letters*: member of the Editorial Board since 2016
- *BioSystems*: associate editor of the *Neural Coding 2016* special issue

■ External assessor

- *The French National Research Agency (ANR)*: project reviewer
- *The Agency for the Evaluation of Universities and Research Centers (ANVUR)*, France: peer reviewer
- *The National Science Centre (NCN)*, Poland: project reviewer
- *The Czech Science Foundation (GAČR)*: member of the evaluation panel *P103 Cybernetics and information processing* (2017–2019)

■ Reviewer for scientific journals

Biological Cybernetics; BioSystems; Brain Research, Entropy; IEEE Journal on Selected Areas in Communications, Mathematical Biosciences and Engineering; IEEE Transactions on Molecular, Biological, and Multi-Scale Communications; Journal of Neural Engineering; Journal of Theoretical Biology; Neural Computation; Neural Networks; Neural Processing Letters; Neurocomputing; Physical Review E; PLoS Computational Biology; Scientific Reports;

■ Organization of workshops and conferences

- *CNS2017: Workshop on Methods of Information Theory in Computational Neuroscience* (Antwerp, Belgium, July 19-20, 2017)
<http://lizier.me/joseph/conferences/201707-CNS2017-ITW/>
member of the organizing committee
- *CNS2016: Workshop on Methods of Information Theory in Computational Neuroscience* (Jeju, South Korea, July 6–7, 2016)
<http://lizier.me/joseph/conferences/201607-CNS2016-ITW/>
member of the organizing committee
- *CNS2015: Workshop on Methods of Information Theory in Computational Neuroscience* (Prague, July 22–23, 2015)
<http://www.biomed.cas.cz/~kostal/CNS2015-ITW>
main organizer (jointly with A. Dimitrov, M. Gastpar, T. Sharpee, S. Schultz)
- *Neural Coding 2014* (Versailles, France, October 6–10, 2014)
http://colloque.inra.fr/neural_coding_2014
member of the organising committee
- *Information beyond Shannon 2013* (Prague, July 3–4, 2013)
<http://www.biomed.cas.cz/~kostal/IBS2013>
main organizer
- *Neural Coding 2012* (Prague, September 2–7, 2012)
<http://nc2012.biomed.cas.cz>
main organizer (jointly with P. Lansky)

■ Popularization of science

Interviews for radio and TV: programmes of Czech Radio Vltava and Leonardo in 2008, 2012; radio Impuls 2012, main news programme of Czech TV in 2012 (coverage of Wichterle prize reception and Neural Coding 2012 workshop)

■ Miscellaneous

- Initiated (jointly with Dr. R. Kobayashi) the *Memorandum of Understanding* between the *Institute of Physiology of the Czech Academy of Sciences, Czech Republic* and the *National Institute of Informatics, Japan* in the area of research and education in the fields of artificial intelligence and computational neuroscience (signed by the directors in 2016)
