Pavel Hník

30. 11. 1927 – 29. 5. 2008

We have celebrated with Pavel his Eightieth Birthday on November 30, 2007 (*Physiol Res*, 57: i-ii, 2008).

As one of the founding members of our journal, he served for many years as Managing Editor responsible for correct English.

Unfortunately his life was terminated after long disease on May 29, 2008.

Pavel was a steadfast friend to many people, mainly for all of us who were working with him in the journal.
