Preface. J. Kyselovič, J. Payer	S105
--	-------------

Review

Effect of antidiabetic treatment on bone. P. Jackuliak, M. Kužma, J. Payer (<i>Dept. Intern. Med., Fac. Med., Comenius Univ. Bratislava, Univ. Hospital Bratislava, Slovak Republic</i>)	S107
---	-------------

Pathophysiology of growth hormone secretion disorders and their impact on bone microstructure as measured by trabecular bone score. M. Kužma, Z. Killinger, P. Jackuliak, P. Vaňuga, D. Hans, N. Binkley, J. Payer (<i>Fifth Dept. Intern. Med., Fac. Med., Comenius Univ. Bratislava, Univ. Hospital Bratislava, Slovak Republic</i>)	S121
---	-------------

The pi3k/Akt pathway is associated with angiogenesis, oxidative stress and survival of mesenchymal stem cells in pathophysiologic condition in ischemia. A. Samakova, A. Gazova, N. Sabova, S. Valaskova, M. Jurikova, J. Kyselovic. (<i>Inst. Pharmacol. Clin. Pharmacol., Fac. Med. Comenius Univ., Bratislava, Slovak Republic</i>)	S131
---	-------------

Original Articles

Clinical utility of miRNA-1, miRNA-29g and miRNA-133s plasma levels in prostate cancer patients with high-intensity training after androgen-deprivation therapy. A. Gazova, A. Samakova, E. Laczo, D. Hamar, M. Polakovicová, M. Jurikova, J. Kyselovic (<i>Inst. Pharmacol. Clinical Pharmacol., Fac. Med. Comenius Univ., Bratislava, Slovak Republic</i>)	S139
---	-------------

Good long-term glycemic compensation is associated with better trabecular bone score in postmenopausal women with type 2 diabetes. P. Jackuliak, M. Kužma, Z. Killinger, J. Payer (<i>Dept. Intern. Med., Fac. Med., Comenius Univ. Bratislava, Slovak Republic</i>)	S149
---	-------------

Prevalence and risk factors for drug-induced liver injury among patients with rheumatic diseases treated with biological therapy: a single-center experience. K. Brazdilova, T. Koller, Z. Killinger, J. Payer (<i>Dept. Intern. Med., Fac. Med., Comenius Univ. Bratislava, Univ. Hospital Bratislava, Slovak Republic</i>)	S157
---	-------------

Changes in STIM isoforms expression and gender-specific alterations in Orai expression in human heart failure. R. Čendula, M. Dragún, A. Gažová, J. Kyselovič, M. Hulman, M. Máťuš (<i>Dept. Pharmacol. Toxicol., Fac. Pharm., Comenius Univ. Bratislava, Slovak Republic</i>)	S165
---	-------------

Pathophysiology and risk factors for cholelithiasis in patients with Crohn's disease. I. Sturdik, A. Krajcovicova, Y. Jalali, M. Adamcova, M. Tkacik, J. Sekac, T. Koller, M. Huorka, J. Payer, T. Hlavaty (<i>Dept. Intern. Med., Fac. Med., Comenius Univ. Bratislava, Univ. Hospital Bratislava, Slovak Republic</i>)	S173
---	-------------

Impact of smoking cigarette on the mRNA expression of cytokines in mucosa of inflammatory bowel disease. Z. Vrablicova, K. Soltys, A. Krajcovicova, K. Stuchlikova, I. Sturdik, T. Koller, M. Huorka, J. Payer, Z. Killinger, P. Jackuliak, M. Tkacik, S. Stuchlik, J. Sekac, T. Hlavaty (<i>Dept. Intern. Med., Sub-dpt. Gastroenterol Hepatol, Univ. Hospital Bratislava, Fac. Med. Comenius Univ. Bratislava, Slovak Republic</i>)	S183
--	-------------
